DCI Weekly

Office of the Inspector General

25X1

On the same front, we met with Bretton G. Sciaroni, legal counsel to the PIOB, on 26 September. After giving him a briefing on the functions of the OIG, we next brought him up to date on the status of the final report on [REDACTED]. His main area of interest was centered around the delay from July 1983 to April 1984 in investigating the affairs. We explained to him in detail our findings, and he seemed satisfied. We offered to make the final report available for him to read should he be interested in doing so.

25X1

All of our inspection reports from the previous cycle have now been released except for the relook at EOD Processing. The DDA has informed us that his comments on our draft report will be forwarded to us during the week of 1 October.
